## Employment Opportunity

- Position:** Journeyman Electrician/Electrical Apparatus Technician/Energy Auditor
- Reports To:** Manager of Marketing and Communications
- Department & Location:** Marketing & Communications – Department 40  
Waynesville, NC
- Position Description:** Objectives of the position include:
- encourage beneficial use of electricity in an energy efficient manner and to educate members on the use of electrical appliances and HVAC systems.
  - perform wide range of jobs including, but not limited to, low and medium voltage breakers; generator installation, maintenance, service, and repairs; load centers; load management equipment and relays; surge protection arrestors; grounding systems; lighting systems; electric vehicle (EV) charging stations; energy storage systems (battery walls); and heating/cooling systems.
  - inspect, install, remove and repair electrical and elector-mechanical equipment in a safe, logical and efficient manner complying with all electrical codes and safety regulations.
  - advise on, size, install and maintain standby generators, load equipment and surge suppression equipment.
  - serve as a resource to the Cooperative and its members in the area of energy use and home weatherization.

A full description of the position's duties and responsibilities is located on Haywood EMC's website at <https://www.haywoodemc.com/employment>

- Education & Experience Requirements:** Associate's degree with emphasis in electrical installation/maintenance, energy auditing, HVAC or related field. Prefer candidate with NC Limited Electrical Contractor's license. Closely related and progressive job experience and specialized training may be substituted for education requirement.

Candidate must:

- have working knowledge of basic building science concepts including electrical wiring and HVAC controls; familiarity with NC electrical and building codes.
- have working knowledge of energy efficient appliances and commercial equipment.
- have valid NC Driver License; Class B CDL is preferred.
- have ability to obtain NC Limited Electrical Contractor's license within five years (if not currently licensed).

- Special Working Conditions:** Position is subject to call-in during major outages or emergencies and is expected to report to work during periods of inclement weather. Occasional overnight travel and overtime are required as the workload requires. Candidate must live within 30 highway miles of 376 Grindstone Rd., Waynesville, NC 28785

- Starting Salary:** \$25.11-31.39/hour

- Application Requirements:** Submit completed application to:

Haywood EMC	NCWorks Career Center
